PROFESSIONAL SUMMARY

Computer Science Engineering student with internship experience in React and Java development. Skilled in building full-stack web applications using React.js, Node.js, Express.js, MySQL, and REST APIs. Passionate about software engineering, modern web technologies, and developing scalable solutions. Strong problem-solving abilities with a keen interest in continuous learning and emerging technologies.

SKILLS

Programing: C, JavaScript

Frameworks: React.js, Node.js, Express.js, Tailwind CSS

Tools: Git, GitHub, Docker, Figma

Databases: MySQL, MongoDB

Soft Skills: Problem-solving, Continuous learning

Other: HTML5, CSS3, REST APIs, OOP, DBMS, Operating Systems, Computer Networks

WORK EXPERIENCE

React Developer Intern

Feb 2023 – Jun 2023

Atherys Technologies Pvt Ltd, Hubli, Karnataka

- Developed responsive user interfaces using React.js.
- Built TaskPulse, a real-time task management platform for employee monitoring.
- Worked with reusable React components and API integration.
- Collaborated with team members during software development activities.

Java Developer Intern

Feb 2023 – Jun 2023

Atherys Technologies Pvt Ltd, Hubli, Karnataka

- Developed applications using Java and object-oriented programming concepts.
- Participated in debugging and testing processes.
- Gained practical exposure to software development methodologies.

EDUCATION

Maharaja Institute of Technology, Mysore

Nov 2024 – Present

Bachelor of Engineering, Computer Science Engineering · GPA: 7.11

Government Polytechnic Siddapura

Jan 2019 – Jan 2023

Diploma, Computer Science Engineering · GPA: 8.14

PROJECTS

MediSync - Unified Secure Health Record System (Ongoing Major Project)

A secure healthcare platform for centralized patient medical records

- Proposed a secure healthcare platform for centralized patient medical records.
- Aims to reduce medical data fragmentation across hospitals and clinics.
- Planned features include secure record sharing and role-based access control.

MIT EduPulse - College Feedback Management System

React.js | Node.js | Express.js | MySQL | HTML | CSS

A web platform for collecting and managing student feedback

- Developed a web platform for collecting and managing student feedback.
- Enabled administrators to analyze feedback data efficiently.
- Implemented backend APIs and database integration.

TaskPulse - Real-Time Task Management Platform

React.js | Node.js | Express.js | MySQL | HTML | CSS

A platform for task assignment and employee progress monitoring developed during internship

- Developed during internship at Atherys Technologies Pvt Ltd.
- Designed a platform for task assignment and employee progress monitoring.
- Implemented task status tracking and dashboard functionalities.
